Dear HTS Families,

We are a little more than a week into the time of year that can be considered a "spring training" for Catholics. Lent is an opportunity for us to imitate Christ by renewing our spiritual discipline prior to the glorious resurrection of our Lord on Easter. The ashes that launched this journey remind us of our own sinfulness and draw us closer to our Lord and how He willingly paid for our salvation. It is an opportunity for renewal and to grow in our understanding of our need for a savior.

So, how is that journey going for you so far?!?

It's easy to see Lent as a time where we simply remove things from our lives that we want, but perhaps do not need. Giving up chocolate (or social media, which seems to be the new chocolate) for forty days and fasting from meat on Fridays can be a recipe for building mild levels of virtue, but how can you turn that voluntary sacrifice into a lasting experience of faith?

Instead of mentally obsessing about that thing you're looking to give up (whether temporarily or permanently), try shifting your focus on what can be gained. By the grace of God, you have a great opportunity to make a difference in your life and the lives of others. This gift is given to you today, regardless of how well you've kept to your Lenten offering or sacrifice. Have a vision of the best version of yourself and get into action! The Church suggests increased prayer and almsgiving (sharing your resources) through fasting. Here are a few other things that can bring lasting fruit and fullness to your life this Lent:

- Dust off the Bible or daily devotional and commit ten minutes to it each day
- As a family, volunteer to help a neighbor or extended family member in need
- Reach out to individuals that you have not heard from in a while
- Replace the radio with prayer during your morning commute

With money saved from your fast, buy a meal or a household essential for someone less fortunate.

Blessings,

Ms. Crombie

Safeguarding All of God's Family

We will be hosting a Safe Environment Education (SEE) session here at HTS on Monday, April 29, at 5:30 pm - 8:30 pm. **The goal of the Safeguarding All of God's Family program is to protect our Children and all in the church family from abuse and related dangers.** This training is required for all adults who would like to volunteer here at school. This could include things like scout leaders, coaching, field trip chaperones, helping teachers in their classroom and more. This is a one time class and there is no fee.

All participants MUST register on-line prior to the session. The SEE information is posted on the archdiocesan website (www.archmil.org) on the Safeguarding All of God's Family page.

If you have any questions, please call the school office at 262-626-2603.

Grade 8 Fundraiser

In this week's folder you will find an order form for Kewaskum apparel. All proceeds from this sale will go to the grade 8 class trip this spring. There are samples in the office if you would like to see them.

Thank you.

State Fair

Come one, come all to the grade 5 State Fair on Monday, March 25, from 8:00-11:00 a.m. Mrs. Longden's students have been working hard on this fair as it is a very extensive project. Each student has to choose a state to represent, and then do a research paper on that state, as well as create a game, food, and guessing jar that showcases their state. They will be graded on the research paper and their fair display. So mark your calendars, and come to the fair to try the tasty foods, play some cool games, and learn some interesting facts about some of the 50 states that are part of this beautiful country. **The students are working hard and would love for you to spend some time exploring their work!**

Stations of the Cross

Help prepare yourself for Easter by attending the Stations of the Cross with the students and staff of HTS. They will be attending Stations every Friday, at 2:00 p.m.

Maple Sugaring at the Riveredge Nature Center

Tasting pure maple syrup!

Looking out over the prairie!

The maple syrup and pancakes were yummy!

This past Monday, March 11, grades 2, 3, and 4 went on a field trip to the Riveredge Nature Center to learn about Maple Sugaring. The weather has been too cold for the syrup to start running, but the students still had a chance to tap the trees, learn the process of Maple Sugaring here in Wisconsin, and enjoy pancakes, syrup, and a pickle!
